Regulation checklist

fx A checklist for finance teams

Your AI tool went down. Is it a DORA incident?

A checklist for finance teams

1	Clients and counterparts affected
2	Duration and service downtime
3	Geographical spread
4	Data losses, including integrity and confidentiality
5	Criticality of the services affected
6	Economic impact
7	Reputational impact

Regulation checklist

fx Part 1 of 4

Before an incident

#	Item
1	**AI tools are in the incident management scope** AI tools are ICT services under DORA.
2	**A named person assesses AI incidents**
3	**You know what the vendor must tell you, and how fast** Check the contract.

Regulation checklist

fx Part 2 of 4

Classify the incident (1 of 2)

#	Item
1	Clients and counterparts affected
2	Duration and service downtime
3	Geographical spread
4	Data losses: availability, integrity, confidentiality

Regulation checklist

fx Part 3 of 4

Classify the incident (2 of 2)

#	Item
5	Criticality of the services affected
6	Economic impact
7	Reputational impact

Regulation checklist

fx Part 4 of 4

If it's major

#	Item
1	**Initial notification to the supervisor** Within hours. Your incident team knows the exact deadline.
2	**Intermediate report**
3	**Final report with root cause**
4	**Lessons learned recorded and actions owned**

Classification criteria and reporting deadlines are set out in DORA and its technical standards. Your incident management team applies them. This checklist helps make sure AI tools are part of that process.

Your first step

Three things to do this week: 1. Check that your AI tools are in the incident management scope. 2. Agree who assesses an AI incident. 3. Check what your AI vendor must tell you, and how fast.
