Subject

Your AI tools belong in the DORA register of information

A checklist to get them in

- [ ] The provider and its legal entity
- [ ] The contract and its reference
- [ ] The ICT service provided
- [ ] The business function it supports
- [ ] Whether that function is critical or important
- [ ] Where data is stored and processed

+ 3 more inside

Owner _____ Date _____

Swipe for the full checklist

Find the tools

- [ ] **Compare your AI tool list with the register** ☐ Yes ☐ No

  Include tools teams signed up for themselves.

- [ ] **Identify AI features inside existing ICT services** ☐ Yes ☐ No

For each AI tool, capture (1 of 2)

- [ ] **Provider and its legal entity** ☐ Yes ☐ No
- [ ] **Contract and reference** ☐ Yes ☐ No
- [ ] **ICT service provided** ☐ Yes ☐ No
- [ ] **Business function supported** ☐ Yes ☐ No
- [ ] **Whether the function is critical or important** ☐ Yes ☐ No

For each AI tool, capture (2 of 2)

- [ ] **Where data is stored and processed** ☐ Yes ☐ No

- [ ] **Subcontractors, including the model provider** ☐ Yes ☐ No

  Many AI tools run on another company's model.

- [ ] **Start date, end date and notice periods** ☐ Yes ☐ No

- [ ] **Exit plan and substitutability** ☐ Yes ☐ No

The exact fields are defined in the implementing technical standards for the register. Your third-party risk team owns the register. This checklist helps make sure AI tools are in it.

Your first step

Do this week

Compare your AI tool list with the register. Every tool that's missing is a gap your supervisor could find before you do.
